

## Healthx Mobile Applications

Instant healthcare information on demand. Healthx has the answer.

Healthx Mobile Applications provide instant access to healthcare and benefit information using smartphone apps. With 93% of adult Americans now having access to a cell phone, Healthx Mobile Apps allow easy mobile access today.

Healthx Mobile Applications are designed to work just like other apps on your mobile device, making it easy to learn and use. And it's just as secure as the Healthx platform. No sensitive information is ever stored on your mobile phone and the highest level of secure encryption is used to protect all transmissions.

The Healthx Mobile Apps takes the most vital data and service functionality displayed on your Healthx Member Portal and provides access to this data on the following smartphones:

- o iPhone
- o Android
- o RIM
- o Windows

Looking for that perfect portal experience to drive engagement? Healthx Mobile Apps is a step in the right direction! Find out more at [www.healthx.com](http://www.healthx.com).

## Your Logo, Your App

Healthx Mobile Applications provide convenient access to plan and benefit information. Apps are custom branded with your logo and colors and are just as easy to find and download as other smartphone apps.

Constituents have access to the same vital information that is available on their Account Activity page of your portal:

- Access the Provider Directory
- View ID Card
- View Medical and Claims Information
- Access Eligibility Information
- View FSA Balances
- Secure Messaging

## Easy to Install Applications

Healthx Mobile Applications are available for download on the iTunes App Store and Windows, RIM, and Android Markets. And because Healthx Mobile Apps are built on the Healthx open platform, the same logic is used to determine and display active accounts. So, there is no additional training or support required.
