

## Healthx Application - Paperless EOB

### Relay All Benefits Information Virtually

Healthx Paperless EOB (Explanation of Benefits) helps organizations eliminate the hassle and high costs associated with paper document production and distribution.

Through the Healthx portal, constituents now have the ability to view EOB statements online, whenever they wish. And since the price of mailing and postage continues to rise, virtual benefits administration has become the preferred method for all parties. Some of our early adopters have saved thousands of dollars each month just by going paperless.

### Healthx Gives You the Tools
