

Healthx Product - Enrollment Solutions

The Healthx Enrollment solution offers a simple way for employees to compare plan designs, estimate health expenses, and enroll in any product that their employer makes available. The solution offers account display, claims display, online enrollment, an impressive variety of communications tools, health research information, and decision support tools presented in a secure and personalized benefits portal. Healthx offers sophisticated expense modeling and comparison tools that enables employees to make well-informed decisions based on their actual plan designs.

What Products Do We Enroll?

- Medical
- Dental
- Vision
- FSA
- All supplemental and voluntary products such as LTD, supp life, etc.

How Our Enrollment Solution Can Help You Be More Efficient.

- Reduces HR staff time (less paperwork, less phone calls – everything is electronic).
- Increases HR efficiency and productivity.
- Improves employee satisfaction with HR.

Looking for that perfect portal experience to drive engagement? Healthx Enrollment Solutions is a step in the right direction! Find out more at www.healthx.com.

- Allows employees to enroll in only the products and tiers for which they are eligible, via the rules-based enrollment system.
- Decreases enrollment errors and miscommunications.
- Provides employees with a one-stop shopping experience – all benefits-related information is found in one central location.
- Reduces the internal technology resources needed when you eliminate the need for future upgrade and modification installations.
- Resource or technology disruptions are minimal when you decide to implement technology for new employees, change carriers, or design new employee incentives, communications or assistance programs.

How Long Does it Take to Implement Your Solution?

Implementation typically takes 60 to 90 days depending on the number of feeds and customizations.
