

Healthx Product - Employer Portal

Put All Human Resource & Benefits Information in One Place

Healthx offers an Employer Portal that equips your client's employees with a single source for all HR and benefits information. Their employees can reference one place and find:

- Health benefit plans and coverages
- Flexible Spending Account information
- Payroll information
- 401(k) information
- HR forms, such as W-4 or family change status
- Wellness information

Looking for that perfect portal experience to drive engagement? The Healthx Employer Portal is a step in the right direction! Find out more at www.healthx.com.

Easier for the Employee and a Cost Savings for Your Client

When everything is conveniently presented in a central location, employees will refer to the portal for all common information needs, meaning fewer phone calls for your client's HR department. Also, with 24/7 access, employees can view all their HR and benefits information whenever they want.

What You Get!

The Healthx Employer Portal is packed with features, available right away with a few clicks of a mouse. Your clients get:

- Branded site with their logo and colors
- Easy-to-create pages for content, such as benefit plans and information updates
- Live links to all third-party vendors
- Express Request (ExR) - our automated workflow program

Take Your Portal to the Next Level with Available Upgrades

Healthx Employer Portal applications will further develop employee engagement and reduce phone calls. Your clients can also increase participation with additional applications their employees will love, including:

- Single Sign-On (SSO) capabilities allow integration and access to your third-party vendors using a single password. Employees sign in only once to access all of their benefits.
- Communication System (CommSys) allows communication with employees via the channel they prefer - web, email, fax, text, phone or U.S. Mail.

Looking for that perfect portal experience to drive engagement? The Healthx Employer Portal is a step in the right direction! Find out more at www.healthx.com.

- Data Integration – displays benefit election and eligibility information securely for each employee.
- Unlimited custom workflow program called Express Request – automates workflow and compiles results into easy to track dashboards
