

## Healthx Platform Core Applications - Content Management

### You Focus on Creating Great Content, We Do the Rest

The Healthx content management system and tools give you total control over all the content that is presented in your web portal. As an administrator, you can immediately rewrite, post, or change any and all content presented in your Healthx Portal. It is easy to customize - whether information is presented on the log in page or after a user signs into their account. Whatever information or services you want them to see, is what they see. Your site, your con-

- Content control at your fingertips
- Users see only the information you want them to see
- Updates and changes are easily made on-site with administration tools
- No wait-time - changes are immediate

**Core Applications are built into the Healthx Platform. They are ready to go from day one. Find out about the Healthx Platform Core Applications in the Healthx Application Marketplace at [www.healthx.com](http://www.healthx.com).**
