

Healthx Integrated Partners Advanced Imaging Services From One Call Medical

Radiology costs are increasing at twice the rate of prescription drug costs. More than \$100 billion a year is spent on radiology in the U.S. which makes up 10% of all paid claims.

Gain Access to the Highest Quality Imaging Services at Below Market Costs

One Call Medical, Inc. was the first company in the nation to develop a business devoted exclusively to managing radiology costs for the insurance industry. They provide substantial savings for the growing cost of advanced diagnostic imaging tests. Advanced imaging tests are responsible for more than half of overall radiology costs and up to three-quarters of the annual increase in radiology dollars. Radiology claims are expected to increase more than 20% in the near future – One Call Medical and Healthx can help you make your costs go down.

Benefits of Being a One Call Medical Customer

- Access to more than 2,900 radiology centers nationally located
- Significant savings compared to traditional PPO Fee schedules
- No administrative fee or PEPM fee required of plan sponsor
- Rigorous provider credentialing and peer review for imaging quality
- National Call Center with multilingual service staff assists members with provider selection

With the Healthx OpenX platform, companies can educate members on this new imaging benefit and savings on their current benefits site. One single-sign on gets them all the information they need. This program is based on cost-efficiencies and is offered at no cost to the employer.

HERE'S HOW IT WORKS

- Member needs advance radiology services
- Patient/provider calls One Call to schedule imaging service
- One Call finds closest center and schedules imaging
- Patient has procedure
- Employer and patient realize significant cost savings

One Call Savings Examples Hospital VS. Imaging Center
